

DATE TEHNICE

MONTE CARLO

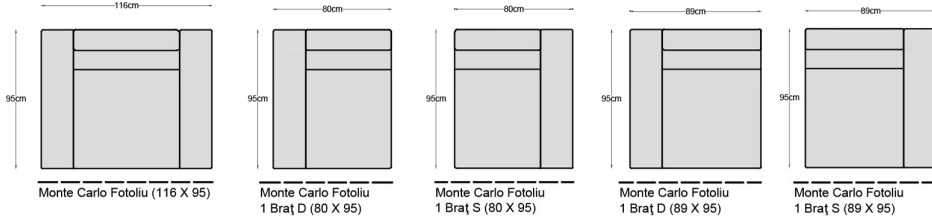

Colțar Monte Carlo

Structura sa este din lemn masiv de fag, plăci din aşchii şi fibre de lemn. Confortul sporit este asigurat de şezutul şi pernele de spătar ce conţin pene de gâscă. Monte Carlo este un produs modular, putând fi executat în diferite variante (colțar mare, mic sau canapea). Colțarul extensibil are şi ladă pentru lenjerie în şezlong. Extensia are o structură metalică şi lamele elastice de fag combinate cu folie de polipropilenă şi o saltea cu arcuri tip Bonnell, de 10-12 cm grosime.
